

AI STUDIO

Master Brand & Sub-Brand Portfolio

Bangladesh Market · Comprehensive Business Plan & Infrastructure

FINANCIAL OVERVIEW · LEGAL COMPLIANCE · 6-MONTH ROADMAP

Target Users	Monthly Revenue (100 users)	Gross Margin	Team Size	Seed Funding
100 Paying	~\$13,620 USD	87%	8 Members	\$27K-\$32K

1. EXECUTIVE SUMMARY

AI Studio operates as a master brand with eight specialised sub-brands, each with distinct domain names, visual identities, and target audiences. This portfolio approach maximizes market penetration across different user segments while maintaining a unified technology backbone and infrastructure. Full legal compliance with Bangladesh business registration and trade license requirements is integrated into the first-month launch plan.

1.1 Master Brand Architecture

The AI Studio master brand serves as the corporate identity and technology hub. It houses the core platform infrastructure, technical team, and operations. Each of the eight studios operates as a semi-autonomous sub-brand with dedicated branding, domains, and go-to-market strategy.

2. MASTER BRAND & SUB-BRAND PORTFOLIO

2.1 Master Brand — AI Studio

Element	Specification
Brand Name	AI Studio
Tagline	The All-in-One AI Operating System
Primary Domain	aistudio.io / aistudio.ai / aistudio.com.bd
Target Audience	Tech-savvy professionals, developers, enterprises (B2B)
Primary Colour	Deep Navy #0D1B3E — trust, authority, technology
Secondary Colour	Electric Blue #1A73E8 — innovation, action, energy
Logo Style	Minimalist "A" formed by interlocking nodes and circuits
Typography	Inter (headings), DM Sans (body) — clean, modern, professional

Voice & Tone	Technical, authoritative, forward-thinking, innovation-focused
Role	Corporate hub, technology platform, brand umbrella, B2B focus

2.2 Sub-Brand Portfolio — Eight Specialised Studios

Content Studio

Domain(s)	writewith.ai / contentcraft.bd
Tagline	Write Smarter. Publish Faster.
Target Audience	Bloggers, journalists, content creators, students
Brand Colour	#FF6B35
Key Features	Blog writing, article generation, SEO copy, script writing
Logo Style	Studio-specific icon + "Studio" wordmark
Voice	Approachable, results-focused, niche-expert

Design Studio

Domain(s)	designai.io / createbrand.bd
Tagline	Design Without Limits.
Target Audience	Designers, marketers, small businesses, agencies
Brand Colour	#F7931E
Key Features	Image generation, UI/UX mockups, branding assets, photo editing
Logo Style	Studio-specific icon + "Studio" wordmark
Voice	Approachable, results-focused, niche-expert

Video Studio

Domain(s)	videocraft.ai / makevideo.bd
Tagline	Video Creation Made Simple.
Target Audience	YouTubers, content creators, marketers, educators
Brand Colour	#6C5CE7
Key Features	AI video generation, character consistency, lip-sync, editing
Logo Style	Studio-specific icon + "Studio" wordmark
Voice	Approachable, results-focused, niche-expert

SEO Studio

Domain(s)	seomaster.ai / rankbetter.bd
Tagline	Rank Higher. Faster.
Target Audience	Marketers, SEO specialists, small business owners, agencies
Brand Colour	#00B894
Key Features	Keyword research, content optimization, SERP analysis, audits
Logo Style	Studio-specific icon + "Studio" wordmark
Voice	Approachable, results-focused, niche-expert

Marketing Studio

Domain(s)	marketingpro.ai / growsales.bd
Tagline	Marketing That Converts.
Target Audience	Marketing managers, agencies, e-commerce businesses
Brand Colour	#E74C3C
Key Features	Ad copy generation, campaign planning, A/B testing, analytics
Logo Style	Studio-specific icon + "Studio" wordmark
Voice	Approachable, results-focused, niche-expert

Development Studio

Domain(s)	codeai.io / devtools.bd
Tagline	Code Faster. Better.

Target Audience	Developers, engineers, tech startups, enterprises
Brand Colour	#2C3E50
Key Features	Code generation, debugging, refactoring, agentic coding
Logo Style	Studio-specific icon + "Studio" wordmark
Voice	Approachable, results-focused, niche-expert

Research Studio

Domain(s)	scholarai.io / researchhub.bd
Tagline	Research Made Academic.
Target Audience	Researchers, PhD students, academics, universities
Brand Colour	#3498DB
Key Features	Paper analysis, citations, LaTeX, literature review, hypothesis generation
Logo Style	Studio-specific icon + "Studio" wordmark
Voice	Approachable, results-focused, niche-expert

Analytics Studio

Domain(s)	analyticsai.io / datainsight.bd
Tagline	Data Tells Your Story.
Target Audience	Business analysts, data scientists, executives, consultants
Brand Colour	#9B59B6
Key Features	Data visualization, report generation, statistical analysis, dashboards
Logo Style	Studio-specific icon + "Studio" wordmark
Voice	Approachable, results-focused, niche-expert

3. LEGAL COMPLIANCE & BUSINESS REGISTRATION (BANGLADESH)

Full legal compliance with Bangladesh business registration and trade license requirements is essential for operating the AI Studio platform. Below is the complete roadmap for company formation and licensing.

3.1 Business Entity Types Available in Bangladesh

Entity Type	Ownership	Minimum Capital	Registration Authority	Liability	Recommended for AI Studio
Sole Proprietorship	Single owner	None required	RJSC or Trade License	Unlimited	Not ideal — no legal separation
Partnership	2+ partners	None required	RJSC + Partnership Deed	Unlimited	Medium — shared responsibility
Limited Liability Company (LLC)	1+ shareholders	100,000 BDT min	RJSC	Limited to investment	Recommended
One Person Company (OPC)	1 shareholder	100,000 BDT min	RJSC	Limited to investment	Best initial choice
Private Limited Company (Ltd)	2–50 shareholders	No minimum	RJSC	Limited to investment	Best long-term choice
Public Limited Company (Plc)	7+ shareholders	Variable	RJSC	Limited to investment	For future IPO

3.2 RECOMMENDED: Private Limited Company (Ltd) Structure

For AI Studio, a Private Limited Company registered with RJSC (Registrar of Joint Stock Companies) is recommended. This provides:

- Legal separation between founder and company (limited liability)
- Professional image for investor pitches and B2B partnerships

- Ability to raise capital and issue equity/stock options
- Tax benefits as a registered enterprise
- Ability to operate multiple sub-brands under one corporate structure
- Easy path to Series A funding or acquisition

3.3 Step-by-Step Company Registration Process

Step 1: Prepare Company Documents

Timeline: 1–2 days | Cost: BDT 2,000–5,000 (lawyer fees)

- Company name approval (choose 3–5 names: "AI Studio Ltd", "AI Studio Bangladesh Ltd", etc.)
- Memorandum of Association (MOA) — company constitution
- Articles of Association (AOA) — internal management rules
- List of directors (minimum 1, typically 1–3)
- Shareholder list and shareholding structure
- Address proof of registered office (utility bill or rental agreement)

Step 2: RJSC Name Reservation & Approval

Timeline: 3–5 days | Cost: BDT 500 (name search fee) + BDT 1,000 (reservation fee)

- Submit company name(s) to RJSC for approval
- RJSC issues name approval certificate valid for 6 months
- Name must not be similar to existing companies in BDT market
- Can reserve multiple domains (.bd, .io, .ai) during this period

Step 3: Open Company Bank Account (Pre-Registration)

Timeline: 2–3 days | Cost: BDT 0 (bank opening) + 100,000 BDT (minimum capital)

- Open temporary bank account in company name (with RJSC certificate)
- Deposit minimum share capital (typically 100,000 BDT)
- Get bank statement confirming capital deposit
- Obtain bank certificate of deposit for RJSC submission

Step 4: Submit Documents to RJSC for Registration

Timeline: 7–14 days (processing) | Cost: BDT 3,000–8,000 (registration fees + inspection)

- Submit MOA, AOA, director information, bank capital certificate
- RJSC desk verification and review
- Address verification by RJSC inspection officer (1–2 visits)
- RJSC issues Registration Certificate (Certificate of Incorporation)

Step 5: Obtain Trade License (Municipality)

Timeline: 3–7 days | Cost: BDT 5,000–15,000 (license fee based on business area and category)

- Apply to local City Corporation or Upazila administration (Dhaka City Corporation for Dhaka)
- Submit RJSC certificate, office address proof, business plan (1 page)
- Inspector visits office location to verify
- Trade License issued (valid for 1 year, renewable)
- License must display company name, address, business type

Step 6: Obtain Tax Identification Number (TIN) — Bangladesh Revenue Board (BRB)

Timeline: 2–3 days | Cost: BDT 0 (TIN registration free) + BDT 500 (VAT application)

- Register with BRB using RJSC certificate and Trade License
- Obtain TIN (Tax Identification Number) — required for invoicing
- Open VAT registration (optional but recommended) if turnover > 5 lac BDT/year
- Receive VAT registration certificate

Step 7: Register with Social Security Authorities (Optional)

Timeline: 3–5 days / Cost: BDT 1,000–5,000 (registration) + 2–3% of payroll (contributions)

- Register with Worker's Welfare Board (WWB) if hiring employees
- Register with Labour Department (if 10+ employees)
- Provides employee benefits, social security coverage
- Required before hiring permanent staff

Step 8: Register Domains & Set Up Web Presence

Timeline: 1–2 days / Cost: BDT 500–2,000/domain/year (estimated \$6–\$24)

- Register aistudio.io, aistudio.ai, aistudio.com.bd (and all sub-brand domains)
- Update WHOIS with company registration details
- Set up corporate email (info@aistudio.io, support@aistudio.io)
- Create legal pages: Privacy Policy, Terms of Service (compliant with BD law)

3.4 Total Registration Timeline & Cost Summary

Phase	Activity	Duration	Cost (BDT)	Cost (USD approx.)
Phase 1	Company documents + lawyer consultation	1–2 days	BDT 2,000–5,000	\$18–\$45
Phase 2	RJSC name reservation	3–5 days	BDT 1,500	\$14
Phase 3	Bank account + capital deposit	2–3 days	BDT 100,000	\$909

Phase 4	RJSC registratio n + address verificatio n	7-14 days	BDT 3,000- 8,000	\$27-\$73
Phase 5	Trade License (City Corporatio n)	3-7 days	BDT 5,000- 15,000	\$45-\$136
Phase 6	TIN + VAT registratio n	2-3 days	BDT 500	\$5
Phase 7	Labour/ SSB registratio n (if hiring)	3-5 days	BDT 1,000- 5,000	\$9-\$45
Phase 8	Domains + web registratio n	1-2 days	BDT 1,000- 3,000	\$9-\$27
	TOTAL REGISTRA TION COST	21-41 days	BDT 113,500- 141,500	\$1,032- \$1,285

Total timeline: 3–6 weeks from start to full legal compliance. Minimum capital deposit of BDT 100,000 is required upfront but stays in company bank account. Recommend hiring a corporate lawyer (BDT 15,000–25,000) to manage registration process smoothly.

3.5 Trade License Details (Critical for Operations)

The Trade License is issued by the local City Corporation or Upazila administration and is MANDATORY to legally operate AI Studio in Bangladesh.

Element	Detail
Issuing Authority	Dhaka City Corporation (if in Dhaka) or local Upazila administration
Validity Period	1 year from issue date; must be renewed annually
Application Documents Required	RJSC certificate, office lease/ownership proof, ID of proprietor, TIN
Inspection Process	Municipality inspector visits office location to verify business setup
License Display Requirement	License must be framed and displayed prominently in office
Annual Renewal Cost	BDT 5,000–15,000 (varies by municipality and business category)
Late Renewal Penalty	BDT 500–1,000 per month overdue (can accumulate)

Business Category for AI Studio	Software/IT Services / Computer-based Services / Professional Services
Office Location Requirement	Must have a permanent physical office address (not home-based initially)

3.6 Compliance Checklist for Launch

- ✓ RJSC Private Limited Company registration certificate obtained
- ✓ Trade License from City Corporation/Upazila framed and displayed in office
- ✓ Tax Identification Number (TIN) registered with Bangladesh Revenue Board
- ✓ Company bank account opened with minimum BDT 100,000 capital
- ✓ All domains registered in company name (aistudio.io, aistudio.ai, aistudio.com.bd, etc.)
- ✓ Privacy Policy and Terms of Service updated to comply with Bangladesh Data Protection Act
- ✓ Employment contracts prepared for all 8 founding team members
- ✓ Office lease agreement signed (if renting coworking space)
- ✓ Business insurance quotes obtained (general liability, cyber insurance for SaaS)
- ✓ Accounting books and records setup compliant with Bangladesh Accounting Standards

4. BRANDING & VISUAL IDENTITY SYSTEM

4.1 Master Brand Visual Identity

Element	Specification	Usage Guidelines
Logo	Minimalist "A" with neural nodes + circuits	Header, footer, favicon, app icon
Wordmark	AI Studio + tagline (optional)	Website hero, print materials, social media
Primary Colour	#0D1B3E (Deep Navy)	Backgrounds, text, structural elements
Secondary Colour	#1A73E8 (Electric Blue)	CTAs, highlights, interactive elements

Accent Colour	#00B0B9 (Teal)	Success states, hover effects, emphasis
Typography — Headings	Inter Bold, 14–32pt	Page titles, section headers, emphasis text
Typography — Body	DM Sans Regular, 10–12pt	Body copy, descriptions, UI labels
Photography Style	Tech-focused, diverse teams, real BD users	Hero images, case studies, testimonials
Icon Style	Rounded squares, 24px grid, 2px stroke	Navigation, features, buttons, infographics

Spacing System	8px base unit (8, 16, 24, 32, 40px)	Consistent padding, margins, layouts
----------------	-------------------------------------	--------------------------------------

4.2 Sub-Brand Visual System

Each sub-brand inherits core visual elements from the master brand but introduces distinct secondary colours, custom icons, and niche-specific imagery.

Sub-Brand	Primary Colour	Logo Element	Icon Theme	Example Font Treatment
Content Studio	#FF6B35 (Warm Orange)	Pen + page	Writing tools, documents	Inter Bold, friendly serifs
Design Studio	#F7931E (Bright Orange)	Palette + star	Creative tools, shapes	Montserrat Bold, modern
Video Studio	#6C5CE7 (Purple)	Play button + film strip	Motion, frames, effects	Poppins Bold, dynamic
SEO Studio	#00B894 (Green)	Chart + magnifying glass	Analytics, growth	IBM Plex Mono, data-driven

Marketing Studio	#E74C3C (Red)	Target + conversion arrow	Campaigns, conversions	Roboto Bold, energetic
Development Studio	#2C3E50 (Dark Blue)	Code brackets + terminal	Tech, infrastructure	JetBrains Mono, technical
Research Studio	#3498DB (Sky Blue)	Book + microscope	Academic, discovery	Lora Serif, scholarly
Analytics Studio	#9B59B6 (Purple)	Graph + insight rays	Data, intelligence	Space Mono, analytical

5. DOMAIN ARCHITECTURE & REGISTRATION STRATEGY

5.1 Domain Portfolio

Tier	Domain	Primary Use	Annual Cost (USD)	Registrar	Priority
Master Brand	aistudio.io	Main platform dashboard & B2B	\$12	Namecheap / GoDaddy	Critical
Master Brand	aistudio.ai	SEO backup + brand authority	\$45	Namecheap	High
Master Brand	aistudio.com.bd	Local BD market presence	\$22	BD registrar (dot.com.bd)	High
Content Studio	writewith.ai	Content creation tool landing page	\$45	Namecheap	High
Content Studio	contentcraft.bd	Local BD marketing + backup	\$22	BD registrar	Medium

Design Studio	designai.io	Design tool platform	\$12	Namecheap	High
Design Studio	createbrand.bd	Local BD community + branding hub	\$22	BD registrar	Medium
Video Studio	videocraft.ai	Video generation platform	\$45	Namecheap	High
Video Studio	makevideo.bd	Local BD creators + tutorials	\$22	BD registrar	Medium
SEO Studio	seomaster.ai	SEO tool central hub	\$45	Namecheap	High
SEO Studio	rankbetter.bd	Local BD SEO education + agency	\$22	BD registrar	Medium

Marketing Studio	marketin gpro.ai	Marketi ng automati on platform	\$45	Namechea p	High
Marketing Studio	growsales .bd	Local BD business growth hub	\$22	BD registrar	Medium
Development Studio	codeai.io	Develop er tools platform	\$12	Namechea p	High
Development Studio	devtools. bd	Local BD dev commun ity + resource s	\$22	BD registrar	Medium
Research Studio	scholarai. io	Academi c research platform	\$12	Namechea p	High
Research Studio	researchh ub.bd	Local BD universit y partners hips	\$22	BD registrar	Medium

Analytics Studio	analyticsai.io	Data intelligence platform	\$12	Namecheap	High
Analytics Studio	datainsight.bd	Local BD business analytics hub	\$22	BD registrar	Medium
Email	hello@aistudio.io	Primary contact email domain	\$0 (included with host)	Web host	Critical
Email	support@aistudio.io	Customer support domain	\$0 (included with host)	Web host	Critical

Total Annual Domain Investment: ~\$474 USD. Note: All domains should be registered in company name (AI Studio Ltd) as per RJSC certificate and Trade License compliance requirements.

5.2 DNS & Subdomain Strategy

Main infrastructure runs on aistudio.io. Each sub-brand can be accessed via:

- Separate domain: writewith.ai, designai.io, videocraft.ai, etc. (distinct brand identity, better SEO)
- Subdomain: content.aistudio.io, design.aistudio.io (unified dashboard, simpler infrastructure)
- Hybrid (Recommended): Primary .ai domain + subdomain alias for unified login (users can access via either)

6. INFRASTRUCTURE & HOSTING ARCHITECTURE

6.1 Server & VPS Infrastructure

The platform requires scalable, redundant infrastructure to support 100+ concurrent users across all studios. Recommended architecture: Primary production environment + staging environment + backup & disaster recovery.

Component	Specification	Provider	Monthly Cost (USD)	Rationale
Primary App Server	4vCPU, 8GB RAM, 100GB SSD (VPS)	DigitalOcean / Linode / Vultr	\$24-\$32	Production app server, Redis cache, Node.js backend
Database Server	2vCPU, 4GB RAM, 50GB SSD (VPS)	DigitalOcean / Linode	\$12-\$18	PostgreSQL database, user accounts, billing records

Vector DB (Embeddings)	1vCPU, 2GB RAM, 20GB SSD	Pinecone (managed) OR self- hosted VPS	\$20-\$50	AI embeddi ngs, semantic search for research
Staging / Testing Server	2vCPU, 4GB RAM, 50GB SSD	DigitalOcean / Linode	\$12-\$18	QA, feature testing, API integratio n testing
Backup & Disaster Recovery	Automated snapshots + off-site replication	DigitalOcean Spaces / AWS S3	\$10-\$20	Daily snapshot s, 30-day retention, geograph ic backup
CDN & Static Assets	Global content delivery network	Cloudflare (free tier) → Bunny CDN (\$0.01/GB)	\$0-\$30	Image optimizat ion, video delivery, DDoS protectio n

Email Service (Transactional)	SMTP provider for password resets, invoices, alerts	SendGrid / Postmark	\$20	100K emails/month included; overage \$0.10 per 1K
Monitoring & Logging	Uptime monitoring, error tracking, analytics	New Relic / DataDog / Sentry (self-hosted)	\$0-\$50	Performance monitoring, error detection, user analytics
VPN & Security	Wireguard VPN, firewall, DDoS mitigation	Cloudflare Pro + vendor-provided	\$20	Team access, API security, bot protection

TOTAL MONTHLY INFRASTRUC TURE			\$118-\$238	Scales with usage; starting high for redundan cy
--	--	--	-------------	--

6.2 Recommended VPS Provider Comparison

Provider	4vCPU / 8GB	Database (2vCPU/ 4GB)	Backup Storage (1TB)	Data Centers	Banglades h Presence?
DigitalOcean	\$24/mo	\$12/mo	\$5/mo	16 worldwide	No (closest: Singapore)
Linode	\$24/mo	\$12/mo	\$5/mo	11 worldwide	No (closest: Singapore)
Vultr	\$18/mo	\$12/mo	\$5/mo	24 worldwide	No (closest: Singapore, India)
AWS EC2	\$30-\$40/mo	\$15-\$25/mo	\$1/GB storage	30+ worldwide	Mumbai datacenter (nearby)
Azure	\$28-\$38/mo	\$18-\$28/mo	\$0.024/GB	60+ worldwide	Mumbai + Singapore

Recommendation: DigitalOcean or Linode for month 1-3 (simplicity & cost), then migrate to AWS/Azure in month 4+ as scale requires. Use Singapore datacenter for lowest latency to Bangladesh users.

6.3 6-Month Infrastructure Cost Projection

Cost Compon ent	Month 1-2	Month 3-4	Month 5-6	6-Month Total
VPS Servers (all tiers)	\$118	\$150	\$200	\$868
Domain Registrati on (annual, amortize d)	\$40	\$40	\$40	\$240
CDN & Static Delivery	\$10	\$15	\$25	\$100
Email Service (SendGri d)	\$20	\$20	\$20	\$120
Monitori ng & Logging	\$25	\$35	\$50	\$220
Security & Firewalls	\$20	\$20	\$20	\$120

TOTAL INFRASTRUC TURE/ MONTH	\$233	\$280	\$355	\$1,668
---	-------	-------	-------	---------

7. PAYMENT GATEWAY SOLUTION

Multi-gateway strategy ensures maximum payment coverage across USD (international), BDT (Bangladesh), and alternative methods.

7.1 International Payments — Stripe

Feature	Detail
Setup	US/UK LLC via Stripe Atlas (~\$500 one-time) or foreign entity
Transaction Fee	2.9% + \$0.30 per transaction
Currencies Supported	135+ including USD, EUR, GBP
Subscriptions	Stripe Billing — automatic renewal, proration, dunning
Payout to BD	Wire to US/UK bank → Wise or Payoneer → Local BD bank
Integration	stripe-js library, webhook listeners, API-driven

7.2 Local BD Payments — Multi-Gateway

Gateway	Coverage	Fee	Rollout Phase
SSLCommerz	bKash, Nagad, Rocket, all BD banks, card	2.0–2.5%	Month 1 (launch)
bKash Direct API	bKash wallet only	1.5%	Month 2–3
Nagad Direct API	Nagad wallet only	1.5%	Month 2–3
Local Bank Cards	Visa/MC issued by BD banks	2.5%	Month 1

8. EQUITY & SHARE STRUCTURE (50/50 SPLIT)

Equity is split into two equal 50% blocks: Tech Team (development + IP) and Investor + Marketing Partner (capital + go-to-market).

Block	Stakeholder	Equity %	Role
TECH TEAM (50%)	Lead Founder / CEO-CTO	35%	Platform architecture, IP ownership, technical vision, system development
TECH TEAM (50%)	Co-Founder / Tech Lead	10%	Backend, AI integration, agentic pipelines, infrastructure
TECH TEAM (50%)	ESOP — Tech Staff	5%	Equity pool for technical hires, vest over 2 years with 1-year cliff
INVESTOR + MARKETING (50%)	Seed Investors	25%	Capital for 6-month runway, operations, salaries, infrastructure
INVESTOR + MARKETING (50%)	Marketing Partner / CMO	15%	User acquisition, brand building, go-to-market execution
INVESTOR + MARKETING (50%)	Advisor / Legal Reserve	10%	Attract strategic advisors, legal/ compliance support
	TOTAL	100%	50% Tech 50% Investor & Marketing

8.1 Seed Investment Terms

Parameter	Value
Seed Round Target	\$27,000–\$32,000 USD (≈ BDT 30–35 lakh)
Investor Equity	25% for \$27K–\$32K
Pre-Money Valuation	\$108,000–\$128,000 (based on working product + IP)

Use of Funds	40% salaries, 30% marketing, 20% infrastructure, 10% legal/compliance
Vesting	Co-founder equity: 3 years with 1-year cliff
Investor Rights	1× non-participating liquidation preference; pro-rata Series A
Exit Options	Acquisition (Year 2–3) or Series A funding round (Year 2+)

9. TECH TEAM COMPENSATION MODEL

The tech team has two options: (A) Full monthly salary in USD, or (B) Reduced salary + deferred compensation converted to additional equity. Non-tech staff always receive full cash salary.

9.1 Monthly Tech Team Salaries (Option A — Full Salary)

Role	Monthly (USD)	Monthly (BDT)	6-Month Total (USD)
Lead Founder / CEO-CTO	\$727	~BDT 80,000	\$4,362
Full-Stack Developer	\$614	~BDT 67,500	\$3,684
AI/ML Integration Engineer	\$659	~BDT 72,500	\$3,954
UI/UX Designer	\$432	~BDT 47,500	\$2,592
TOTAL TECH (Option A)	\$2,432	~BDT 267,500	\$14,592

9.2 Monthly Tech Team (Option B — Equity Alternative)

Core tech roles accept 40–50% reduced salary. The unpaid balance converts to additional equity at pre-money \$170,800. Non-tech staff (#5–8) always receive full cash salary.

Role	Cash Salary	6-Mo Deferred	Additional Equity %	Total Equity Value
Lead Founder	\$300/mo	\$2,562	+1.50%	\$2,562
Full-Stack Developer	\$250/mo	\$2,184	+1.28%	\$2,184
AI/ML Engineer	\$275/mo	\$2,304	+1.35%	\$2,304
UI/UX Designer	\$175/mo	\$1,542	+0.90%	\$1,542
TOTAL (Option B)	\$1,000/mo	\$8,592 deferred	+5.03%	~\$8,592

9.3 Full 6-Month Tech Deferral (BDT 15 Lakh Alternative)

If entire tech salary (≈ BDT 15,00,000 / \$13,640) is deferred and converted to equity:

Parameter	Value
Total Deferred Amount	\$13,640 USD (≈ BDT 15,00,000)
Pre-Money Valuation Used	\$170,800
Resulting Equity %	≈ 7.98% total additional equity pool
Distribution	Pro-rated by original salary: Founder 32%, Dev 27%, AI Eng 29%, Designer 12%
Vesting Schedule	18-month vest with 6-month cliff from start date

Founder Total Equity	35% base + ~2.55% deferred = ~37.55% total
----------------------	--

10. FIRST 6-MONTH DETAILED PLAN

MONTH 1 — Legal Foundation & Infrastructure

- Register company as Private Limited (RJSC) — 7–14 days processing
- Obtain Trade License from City Corporation — 3–7 days
- Register TIN with Bangladesh Revenue Board
- Finalize platform QA on all 8 studios; deploy to staging.
- Purchase all .io/.ai/.com.bd domains; register in company name.
- Deploy infrastructure: DigitalOcean VPS (4vCPU/8GB + 2vCPU/4GB DB).
- Set up SSL certificates, CDN, monitoring (New Relic).
- Integrate SSLCommerz + PayPal payment processing.
- Hire 4 core tech staff (#2–#5); finalize employment contracts.
- Build landing page with email waitlist (target 500 sign-ups).
- Create 4 YouTube videos + 10 TikToks (studio overviews).

Cost (Option A)	Cost (Option B)	Revenue	Milestone
\$9,191	\$7,759	\$0	Company registered Trade License obtained 500 waitlist

MONTH 2 — Soft Launch & Payment Systems

- Open free tier to waitlist; target 200 free users week 1.
- Test all payment flows: Stripe USD, SSLCommerz BDT, PayPal.
- Launch Pro Plan (\$69/mo); target 15 paying users.
- Activate referral programme: 1 month free per referral.
- Run Facebook Ads campaign (\$363 budget, freelancer targeting).
- Publish 3 YouTube Bangla tutorials + 15 TikTok videos.
- Hire #6 Marketing Manager + #7 Customer Support/QA.
- Set up Intercom live chat; begin collecting NPS & feedback.
- Reach out to 3 universities for student partnerships.

Cost (Option A)	Cost (Option B)	Revenue	Milestone
\$9,107	\$7,675	\$1,035	200 free users 15 paying Payments live

MONTH 3 — Growth & B2B Prep

- Scale to 40 paying users; push Creator (\$149) & Research (\$249) plans.
- Secure first university partnership (50% student discount).
- Launch Agentic Video Studio beta; collect 5 case study videos.
- Begin Stripe integration via foreign entity (international cards).
- Publish press release to Daily Star Tech + Prothom Alo.
- Launch annual plan (2 months free incentive).
- Hire #8 Sales & Partnerships Manager.
- Activate LinkedIn thought leadership campaign.
- Verify all company compliance documents are up-to-date.

Cost (Option A)	Cost (Option B)	Revenue	Milestone
\$10,199	\$8,769	\$3,182	40 paying users University signed

MONTH 4 — Scale & Local Payments

- Scale to 65 paying users.
- Launch Business Plan (\$299); pitch 10 marketing agencies.
- Activate bKash Direct + Nagad Direct APIs (lower local fees).
- Run 2nd influencer campaign: 3 BD tech YouTubers.
- Launch Research Pro to academic community.
- Build monthly "AI Studio Bangladesh Report" for SEO/PR.
- Introduce team multi-seat feature (Business accounts).
- Begin Trade License renewal planning for Month 11.

Cost (Option A)	Cost (Option B)	Revenue	Milestone
\$10,620	\$9,190	\$5,460	65 paying B2B agencies Local payments

MONTH 5 — Community & Optimization

- Reach 80 paying users; target <5% churn.
- Launch AI Studio Community (Facebook + WhatsApp) — 500+ members.
- A/B test pricing page (USD vs BDT display).
- Introduce credit top-up system for pay-as-you-go.
- Launch affiliate programme: 20% recurring commission.
- Conduct 10 user interviews; identify 3 friction points.
- Ship major UI update based on 3-month feedback.
- Prepare annual compliance audit with accountant.

Cost (Option A)	Cost (Option B)	Revenue	Milestone
\$11,380	\$9,950	\$8,190	80 users Community 500+ Affiliate

MONTH 6 — 100 Users & Series A Prep

- Hit 100 paying users; \$13,620+ MRR.
- Complete 6-month financial audit (RJSC-compliant).
- Prepare Series A investor deck.
- Close 2–3 enterprise contracts (agencies/corporates).
- Expand team by 2: data analyst + 2nd developer.
- Ship mobile app MVP (React Native; iOS + Android).
- Negotiate OpenRouter volume discount.
- Publish 6-month impact report.
- Schedule Trade License renewal (due month 12).

Cost (Option A)	Cost (Option B)	Revenue	Milestone
\$12,659	\$11,229	\$13,620	100 users Mobile MVP Series A ready

11. 6-MONTH FINANCIAL SUMMARY & FUNDING REQUIREMENT

11.1 Monthly Cost Breakdown (USD)

Cost Category	Month 1–2	Month 3–4	Month 5–6	Notes
Team Salaries (Option A)	\$3,842/mo	\$4,200/mo	\$4,660/mo	All 8 staff at full salary
Team Salaries (Option B alt)	\$2,410/mo	\$2,770/mo	\$3,230/mo	Tech staff 40–50% reduced + equity
Office / Coworking	\$909/mo	\$909/mo	\$1,364/mo	Basis/ Impact Hub → small office month 5
Infrastructure / VPS / Domains	\$233/mo	\$280/mo	\$355/mo	Servers, CDN, email, monitoring
OpenRouter API Costs	\$1,702/mo	\$2,273/mo	\$3,182/mo	Scales with user growth
Marketing & Ads	\$1,271/mo	\$1,907/mo	\$2,316/mo	Facebook, YouTube, influencers

Legal / Compliance / License	\$455/mo	\$182/mo	\$182/mo	Company reg, trade license, audit prep
Tools & Subscriptions	\$273/mo	\$273/mo	\$364/mo	Analytics, design tools, dev tools
Miscellaneous / Buffer	\$273/mo	\$273/mo	\$364/mo	5% operational buffer
TOTAL OPTION A	\$9,158/mo	\$10,497/mo	\$12,987/mo	Full salary model
TOTAL OPTION B	\$7,726/mo	\$9,067/mo	\$11,557/mo	Equity alternative model

11.2 6-Month P&L Analysis

Month	Revenue (USD)	Total Costs (Option A)	Total Costs (Option B)	Net P&L (A)	Net P&L (B)
Month 1	\$0	\$9,158	\$7,726	-\$9,158	-\$7,726
Month 2	\$1,035	\$9,107	\$7,675	-\$8,072	-\$6,640
Month 3	\$3,182	\$10,199	\$8,769	-\$7,017	-\$5,587
Month 4	\$5,460	\$10,620	\$9,190	-\$5,160	-\$3,730
Month 5	\$8,190	\$11,380	\$9,950	-\$3,190	-\$1,760
Month 6	\$13,620	\$12,659	\$11,229	+\$961	+\$2,391
6-MO TOTAL	\$31,487	\$63,123	\$54,539	-\$31,636	-\$23,052

11.3 Seed Funding Requirement

Funding Scenario	Required (USD)	Required (BDT)	Purpose
Option A (Full Salary)	\$32,000	~BDT 35,20,000	6-month runway + compliance costs
Option B (Tech Equity)	\$23,500	~BDT 25,85,000	6-month runway with tech salary deferral
Recommended (Option B + 15% buffer)	\$27,000	~BDT 29,70,000	Safe margin for contingencies + legal

By Month 6, revenue reaches \$13,620 USD/month and the platform reaches profitability (positive cash flow). Seed funding of \$27,000–\$32,000 USD covers the full 6-month ramp-up period including all legal and compliance costs.

12. COMPLIANCE CHECKLIST & ONGOING REQUIREMENTS

12.1 Pre-Launch Compliance Checklist

- ✓ RJSC Private Limited Company registration certificate obtained
- ✓ Trade License from City Corporation/Upazila framed and displayed in office
- ✓ Tax Identification Number (TIN) registered with Bangladesh Revenue Board
- ✓ Company bank account opened with minimum BDT 100,000 capital
- ✓ All domains registered in company name (aistudio.io, .ai, .com.bd, sub-brand domains)
- ✓ Privacy Policy and Terms of Service comply with Bangladesh Data Protection Act 2018
- ✓ Employment contracts prepared and signed with all 8 founding team members
- ✓ Office lease agreement signed (if renting coworking space or small office)
- ✓ Business insurance quotes obtained (general liability, cyber insurance for SaaS)
- ✓ Accounting books and records setup compliant with Bangladesh Accounting Standards
- ✓ Monthly payroll and tax withholding procedures documented

12.2 Ongoing Annual Compliance Requirements

The following annual compliance tasks must be tracked and completed:

Requirement	Frequency	Due Date	Authority	Cost (BDT)
Trade License Renewal	Annually	Month 12 (before expiry)	City Corporation / Upazila	BDT 5,000–15,000
Financial Audit	Annually	Within 4 months of FY end	RJSC / BRB	BDT 10,000–25,000
Tax Return Filing (VAT)	Monthly/Quarterly	Last day of month/quarter	Bangladesh Revenue Board	BDT 500–1,000 per filing
Corporate Tax Return (CIT)	Annually	Within 120 days of FY end	Bangladesh Revenue Board	BDT 0 (if loss) to 10% of profit

Annual General Meeting (AGM)	Annually	Within 6 months of FY end	Company shareholders	BDT 0
RJSC Annual Filing	Annually	Within 30 days of AGM	RJSC	BDT 500–2,000
Payroll Tax Withholding (Monthly)	Monthly	Every month	BRB	Varies (employee + employer)
Labour Law Compliance (Reporting)	As required	Upon hire/termination	Labour Department	BDT 0

12.3 Data Protection & Privacy Compliance

Bangladesh has enacted the Data Protection Act 2018, which governs handling of personal data:

- Privacy Policy must clearly state how user data is collected, used, stored, and protected
- Terms of Service must include GDPR-like consent for data processing (even though GDPR does not apply to BD companies)
- All user payment information must be PCI-DSS compliant (handled by payment gateways Stripe, SSLCommerz)
- User data must be stored securely; no third-party sharing without explicit consent
- Users must have right to access, update, and delete their personal data
- Establish Data Protection Officer (DPO) or designate responsibility once team grows

13. FUTURE ROADMAP & STRATEGIC VISION

13.1 Year 1 End-State Targets

Metric	Target Value	Notes
Paying Users	250–400 users	Across all 8 studios and plan tiers
Monthly Revenue (MRR)	\$32,000–\$45,000 USD	3–4× the month 6 level
Annual Revenue (ARR)	\$320K–\$450K USD	Strong foundation for Series A
Gross Profit Margin	85%–87%	Stable as platform scales
Team Size	12–15 full-time	+4–7 additional hires beyond initial 8
Geographic Markets	Bangladesh (primary), India (secondary)	Local language & payment support
New Studios	2 additional: Finance Studio + HR/Legal Studio	Expand niche coverage
Mobile Apps	iOS + Android (React Native) MVP launched	Native mobile experience
Series A Funding	\$500K–\$1M raised	From regional VC or angel networks

13.2 Ongoing Compliance for Growth

As AI Studio scales in Year 1 and beyond, additional compliance considerations:

- Convert from Private Ltd to Public Ltd (if Series A raises >\$1M and seeks IPO path)
- Register with Bangladesh Securities and Exchange Commission (if issuing securities)
- Expand Labour Department registrations as team grows beyond 10+ employees
- File for export/import registration if monetizing international customers (ICT Division BD)
- Consider Bangladesh Bank (central bank) notification for digital payment services
- Maintain annual audit by qualified chartered accountant (CA) per RJSC requirements
